Case Study - How it works

When Dr Dorothy Vaandering of *Relationships First* was planning the *Summer eSeries Conference* she approached RJ World as a partner to host their online event. They combined live Zoom sessions with international and local speakers and pre-recorded videos. They pulled off a very professional and inspiring event. The team from *Relationships First* enjoyed the easy learning curve and professional design of the familiar social media venue which enabled their delegates to enjoy high quality training content from local and international thought leaders.
